

Sunshine Foundation is a national children's charity that answers the dreams of children, ages three through eighteen, who have severe or profound physical/developmental/intellectual challenges or trauma from physical/sexual abuse, and whose families have limited income.

The Cop Who Spreads Sunshine

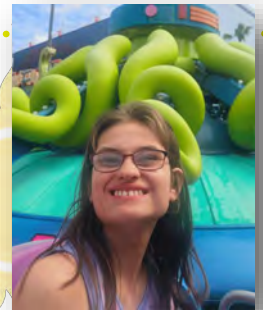

50 Years of Making Dreams Come True

Founded in 1976 by Bill Sample, a Philly Cop, we have remained a **direct service 501c3** proudly expensing **over 80% of dollars spent directly** answering a child's dream. Unlike other wish granting organizations, we continue to be the only nationally recognized non-profit that gives dreams to children who have the **challenges of living with a lifelong, severe chronic healthcare diagnoses**. Unique to our mission, is working with families who have limited income to make their child's **once in a lifetime dream come true!** Sunshine is proud to have brought together, **for 27 years, children with Progeria** for an annual reunion. We also sponsored **98 Dreamlifts**, which included **108 chartered airplanes**, for a one-day trip to the Magic Kingdom. **"Every child should have at least one dream come true."** -Bill Sample, Founder

Sunshine Foundation Magical Dreams

The most common dream request is for a **Magical Dream** to the **Central Florida theme parks**, with a stay at **Sunshine Foundation Dream Village**, an enchanted accommodation for children and their families that boasts nine fairytale themed cottages, a heated swimming pool, accessible playground and a putt-putt golf course! **Dream Village**, opened in 1990, **relies heavily on volunteers, organizations and corporate groups** to help keep the cottages and grounds maintained and welcoming. As the Dream Village ages, through much support, we continue to make improvements and updates to the cottages and amenities in order to ensure the dreamers have the most comfortable and enjoyable **Dream Come True** experience possible.

Leah, with microcephaly and cerebral palsy. "There are not enough words to describe how much this dream has meant to us."

Cole, with level 3 severe autism. "Thank you for his Eagles bedroom makeover. He has a safe place to sleep and play."

Sunshine Foundation Special Dreams

Sunshine Foundation also answers **Special Dreams** for very deserving children. These dreams can include: **shopping sprees, special trips, cruises, iPads, gaming systems, computers, above ground swimming pools, outdoor playsets, celebrity meet & greets, adaptive tricycles and other special needs equipment, sensory rooms, bedroom makeovers, or anything the child can dream for!**

2025 Program Activities
